Ms. Donna R. Searcy
Secretary
Federal Communications Commission
1919 M Street, N.W.
Washington, D.C. 20554

Dear Ms. Searcy;

Transmitted herewith, in triplicate, on behalf of Peninsula Communications, Inc. is an FCC Form 349 application seeking a modification in the output frequency for FM translator K272BW to Channel 274 at Kodiak, Alaska. The application is accompanied by a check in the amount of \$425.00 in payment of the application processing fee.

The Applicant is aware that there is a freeze on the filing of applications proposing new FM translators or major changes in the facilities of existing translators pursuant to Report And Order in MM Docket No. 88-140, 5 FCC Rcd 7212 (1990). This freeze will not presently be lifted until June 1, 1991 pursuant to the Commission's Order, DA 91-455 (released April 22, 1991).

Peninsula hereby respectfully requests a waiver of the Commission's rules and policies to allow for the filing and acceptance of this application in advance of the lifting of the freeze. The application proposes a necessary change in the output frequency of the FM translator in order to allow it to continue operation. Because of the limited construction season in the State of Alaska it is imperative that the Commission begin the processing of the application as soon as possible in order for construction on the station to commence prior to the on-set of Winter.

The Commission has long recognized the need for additional broadcast services in the State of Alaska. This need has evolved into a policy of granting liberal waivers of the Commission's broadcast rules, including in the context of applications for new FM translators and major changes in facilities of existing stations. See, Wrangell Radio Group, 75 FCC 2d 404 (1979). This policy has become known as the "Alaska Exception" for FM translator applications.

Letter to Ms. Donna R. Searcy
May 6, 1991
Page 2

Peninsula respectfully requests that its subject application be accepted for filing and processed in advance of the lifting of the FM translator application "freeze" under this policy. The public interest will be served by such a waiver in that it will allow Peninsula to continue to operate the FM translator and continue to help provide expanded broadcast services in the State of Alaska. Without a grant of the requested waiver it is doubtful that Peninsula will be able to modify the facilities of the subject FM translator until the Summer of 1992, and it may be forced to discontinue operation until that time.

Very truly yours,

Peninsula Communications, Inc.

By: 

Jeffrey D. Southmayd

Address or other description of location END OF STATE ROAD, PILLAR MOUNTAIN KODIAK, ALASKA		Geographical coordinates of transmitting antenna to nearest second North Latitude <u>57° 47' 23"</u> West Longitude <u>152° 25' 14"</u>

Attach as an Exhibit a map or maps (preferably topographic, if obtainable, such as Geological Survey quadrangles) of the area of the proposed transmitting antenna location shown drawn thereon the following data:

Exhibit No.
A-3

a Scale of kilometers

b Proposed transmitting antenna location accurately plotted. NO CHANGE IN EXISTING FACILITIES

3 Transmitter:	Make	Type No.	Output Power P
NO CHANGE IN EXISTING	LICENSED FACILITIES		kilowatts
4 Transmission line:	" " "	" "	Length Rated efficiency E for length given (decimal fraction) meters

Transmitting antenna

☐Directional
"off-the-shelf"☒Directional Composite
(Multiple Antennas)
(Submit manufacturer's patterns)☐

Non-Directional

Manufacturer		Model		Description ¹
Orientation of main lobe ²	Overall structure height above ground ³	Elevation of Site ⁴	Power gain G (multiplier) in lobe of maximum radiation relative to a halfwave dipole ⁵	
NO CHANGE	IN EXISTING LICENSED FACILITIES meters	meters	NO CHANGE	

Effective radiated power (ERP)

(ERP=P X E X G) _____ kilowatts

Height of antenna radiation center

above above mean sea level _____ meters

1 Give basic type using general descriptive terms such as half-wave dipole, "bow-tie" with screen, corner reflector, 10 element Yagi, 4 element in-phase array, two stacked 5 element Yagis, etc.

2 Show the direction of the main radiation lobe in degrees with respect to true north in a 360 degree horizontal azimuth, numbered clockwise, with true north as zero azimuth.

3 Show height to topmost portion of structure in meters, including highest top mounted antenna and beacon if any.

4 Show the ground elevation above mean sea level in meters at the base of the transmitting antenna supporting structure.

5 Give the actual power gain toward the radio horizon.

6 Attach as an Exhibit a vertical plan sketch for the proposed total structure(s), including supporting structure(s), giving height of center of radiation above ground, overall height of structure above ground, including lighting beacon (if any) and height above mean sea level in meters for all significant features for BOTH RECEIVING AND TRANSMITTING ANTENNAS. Also indicate any horizontal separation between receiving and transmitting antennas.

Exhibit No.
No Change

7. Will the proposed antenna supporting structure be shared with an AM radio station?

☐ Yes ☐ No

If yes, list the call signs and class of such stations.

8 Attach as an Exhibit a polar diagram of the radiation pattern (relative field) in the horizontal plane of the transmitting antenna showing clearly the correct relationship between the major lobe or lobes and the minor lobes of radiation and a tabulation of the pattern at every ten degrees and all maxima and minima. Applicants proposing use of multiple transmitting antennas shall submit a composite radiation pattern. If a non-directional transmitting antenna will be employed, i.e., an antenna with an approximately circular radiation pattern, check here ☐ and omit polar diagram and tabulation. If the antenna manufacturer and model number are on the Commission's list of common "off-the-shelf" directional antennas, check here ☐ and omit polar diagram and tabulation.

Exhibit No.
No Change

9 Are there any terrain features between the proposed transmitting site and the community to be served which would interfere with line-of-sight transmission to any part of the principal community?

☐ Yes ☐ No

If the answer is "Yes", attach as an Exhibit a description of the extent of the area affected.

Exhibit No.
No Change

10. Is the area to be served by the booster within its primary station's predicted 1 mV/m contour?

☐ Yes ☐ No

Submit as an Exhibit a map showing the primary station's predicted 1 mV/m contour. If the primary station is authorized with facilities in excess of those specified by Section 73.211 of the Commission's Rules, see Note to 47 C.F.R. 74.1231(h).

Exhibit No.
N/A

11 For booster station applicants only, attach as an Exhibit a map (Sectional Aeronautical Chart or equivalent) that shows clearly, legibly, and accurately, and with latitude and longitude markings and a scale of distance in kilometers:

Exhibit No.
N/A

(a) The proposed booster 1 mV/m contour; and

(b) the 1 mV/m contour of the licensed main facility with which the applied-for facility will be used.

12 For booster station applicants only, supply terrain and coverage data (to be calculated in accordance with 47 C.F.R. Section 73.313)

Source of terrain data: (check only one box below)

☐ Linearly Interpolated 30-second database (Source _____)

☐ 7.5 minute topographic map

☐ Other (briefly summarize)

Radial bearing (degrees True)	*	0	45	90	135	180	225	270	315
Height of radiation center above average elevation of radial from 3 to 16 km (meters)									
Predicted Distances to the 1 mv/m contour (kilometers)									

*Radial through principal community, if not one of the major radials This radial should NOT be included in calculation of HAAT

13. Has FAA been notified of proposed construction?

☐ Yes ☒ No

If Yes, give date and office where notice was filed: _____

+ Environmental Statement (See 47 C.F.R. Section 1.1301 et seq)

Would a Commission grant of this application come within 47 C.F.R. 1.1307, such that it may have a significant environmental impact, including exposure to workers or the general public to harmful nonionizing radiation levels?

☐ Yes ☒ No

If you answer Yes, submit as an Exhibit an Environmental Assessment as required by Section 1.1311.

If no, explain briefly why not.

Exhibit No.
N/A

This application essentially changes only the output frequency by 400 KHz from 102.3 MHz to 102.7 MHz. There are no other significant changes to the existing licensed facility.

15. Unattended operation:

Is unattended operation proposed?

☒ Yes ☐ No

(a) If Yes, and this application is for authority to construct a new station or to make changes in the facilities of an authorized station which proposes unattended operation for the first time, applicant must comply with the requirements of 47 C.F.R. Section 74.1234 (FM Translators) concerning unattended operation.

☒ Yes ☐ No

(b) In the space below state the name, address and telephone number of a person or persons who may be contacted in an emergency to suspend operation of the translator should such action be deemed necessary by the Commission.

Name	Address (street or other description)	City	State	Telephone No. (include area code)
David F. Becker	P. O. BOX 103	HOMER	AK	(907) 235-7551

Is type approved broadcast equipment being specified?

☒ Yes ☐ No

If No, indicate date equipment was submitted to FCC Laboratory for approval. _____

I certify that I represent the applicant in the capacity indicated below and that I have examined the foregoing statement of technical information and that it is true to the best of my knowledge and belief.

(907) 235-7551

☐ Technical Director☐ Registered Professional Engineer☐ Consulting Engineer☒ Chief Operator☐ Other (specify)

NOTE: Applicants for new stations only:

1. Applicant is (check one of the following):

- ☐ Individual ☐ General Partnership ☒ Corporation
☐ Other ☐ Limited Partnership ☐ Unincorporated Association

If the applicant is a legal entity other than an individual, partnership, corporation or unincorporated association, describe in an Exhibit the nature of the applicant.

Exhibit No.
N/A

CITIZENSHIP AND OTHER STATUTORY REQUIREMENTS

2 (a) Is the applicant in compliance with the provisions of Section 310 of the Communications Act of 1934, as amended, relating to interests of aliens and foreign governments?

☒ Yes ☐ No

(b) Will any funds, credit, or other financial assistance for the construction, purchase or operation of the station(s) be provided by aliens, foreign entities, domestic entities controlled by aliens, or their agents?

☐ Yes ☒ No

If Yes, provide particulars as an Exhibit.

Exhibit No.
N/A

3 (a) Has an adverse finding been made, or an adverse final action taken by any court or administrative body as to the applicant or any party to this application in a civil or criminal proceeding brought under the provisions of any law related to the following: any felony; broadcast-related antitrust or unfair competition; criminal fraud or fraud before another governmental unit; or discrimination?

☐ Yes ☒ No

(b) Is there now pending in any court or administrative body any proceeding involving any of the matters referred to in 3(a)?

☐ Yes ☒ No

If the answer to 3(a) or 3(b) is Yes, attach as an Exhibit a full disclosure concerning the persons and matters involved, including an identification of the court or administrative body and the proceeding (by dates and file numbers), a statement of the facts upon which the proceeding was based or the nature of the offense alleged or committed, and a description of the current status or disposition of the matter.

Exhibit No.
N/A

4. Has the applicant or any other party to this application had any interest in:

(a) a broadcast application which has been dismissed with prejudice by the Commission?

☐ Yes ☒ No

(b) a broadcast application which has been denied by the Commission?

☐ Yes ☒ No

(c) a broadcast station, the license for which has been revoked?

☐ Yes ☒ No

(d) a broadcast application in any Commission proceeding which left unresolved character issues against the applicant?

☐ Yes ☒ No

If the answer to any of the questions in 4 is Yes, state in an Exhibit the following:

- (i) Name of party having interest;
(ii) Nature of interest or connection, giving dates;
(iii) Call letters of stations or file number of application or docket number;
(iv) Location.

Exhibit No.
N/A

REAL PARTY IN INTEREST

5. The applicant certifies that no agreement, either explicit or implicit, has been entered into for the purposes of transferring or assigning to another party any station construction permit or license or interest therein that is awarded as a result of a random selection or lottery.

☒ Yes ☐ No

., this application cannot be accepted for filing. See 47 C.F.R. Section 74.1232.

SECTION IV - CERTIFICATIONS

- 1 The applicant certifies that sufficient net liquid assets are on hand or are available from committed sources to construct and operate the requested facilities for three months without revenue. ☐ Yes ☐ No

The applicant certifies that: (a) it has a reasonable assurance of a present firm intention for each agreement to furnish capital or purchase capital stock by parties to this application, each loan by banks, financial institutions or others and each purchase of equipment on credit; (b) it can and will meet all contractual requirements as to the collateral, guarantees, and capital investment; (c) it has determined that a reasonable assurance exists that all such (excluding banks, financial institutions and equipment manufacturers) have sufficient net liquid assets to meet these commitments. ☐ Yes ☐ No

Note: If this application is for a change in an operating facility, you DO NOT need to respond to Questions 1 and 2

3. The applicant, if for a new FM translator station, certifies that it has not received any funds, legal or engineering services or anything else of value, directly or indirectly from the licensee or permittee of any FM broadcast station or any person associated with such station. See 47 C.F.R. Section 74.1232. ☒ Yes ☐ No

Exhibit No.
A-4

If Yes, attach as an Exhibit an explanation identifying the source and nature of the financial support or assistance.

- 4 For applicants proposing translator rebroadcasts who are not the licensee of the primary station, the applicant certifies that written authority has been obtained from the licensee of the station whose programs are to be retransmitted. ☐ Yes ☐ No

Primary station proposed to be rebroadcast:

Call Sign	City	State	Channel No.
KPEN-FM	SOLDOTNA	AK	269

- 5 The applicant certifies that it has contacted an authorized spokesperson for the owner of the rights to the proposed transmitter site, and has obtained reasonable assurance that the site will be available for its use if this application is granted. ☐ Yes ☐ No

That person can be contacted at the following address and telephone number:

Name	Joeseeph Stevens			Mailing Address or Identification	1623 Mill Bay Road
City	Kodiak	State	AK	ZIP Code	99615
				Telephone No. (include area code)	(907) 486-4700

6. For new station and major change applications only, the applicant certifies that it has or will comply with the public notice requirements of 47 C.F.R. Section 73.3580. ☒ Yes ☐ No

THE ORIGINAL OF THIS APPLICATION FORM MUST BE SIGNED BY THE APPLICANT. THE REQUIRED COPIES CAN BE CONFORMED. SEE 47 C.F.R. SECTION 73.3513.

The APPLICANT hereby waives any claim to the use of any particular frequency as against the regulatory power of the United States because of the previous use of the same, whether by license or otherwise, and requests an authorization in accordance with this application. (See Section 304 of the Communications Act of 1934, as amended.)

The APPLICANT acknowledges that all statements made in this application and attached exhibits are considered material representations, and that all exhibits are a material part hereof and incorporated herein.

The APPLICANT represents that this application is not filed for the purpose of impeding, obstructing, or delaying determination on any other application with which it may be in conflict.

In accordance with 47 C.F.R. Section 1.65, the APPLICANT has a continuing obligation to advise the Commission, through amendments, of any substantial and significant changes in information furnished.

WILLFUL FALSE STATEMENTS MADE ON THIS FORM ARE PUNISHABLE BY FINE AND IMPRISONMENT.
U.S. CODE, TITLE 18, SECTION 1001.

I certify that the statements in this application are true, complete and correct to the best of my knowledge and belief, and are made in good faith.

Name of Applicant PENINSULA COMMUNICATIONS, INC.	Signature <i>David F Becker</i>
Title David F. Becker - President	Date April 8, 1991

EXHIBIT A-1

The applicant, Peninsula Communications, Inc. (PCI) proposes to change the output frequency of its FM translator station K272BW serving Kodiak, Alaska, from 102.3 MHz to 102.7 MHz. This change is requested primarily due to intermodulation interference experienced on many radios in the Kodiak area due to the two local FM stations:

- 1) KMXT 3 KW H & V 100.1 MHz
- 2) KJJZ 4 KW H & V 101.1 MHz

Intermodulation frequency products which occur in the "front end" of local radio receivers due to these strong local signals occur at exactly the difference frequency between these two signals, both above and below their respective frequencies:

- 1) KMXT-KJJZ (Low-side mix) 99.1 MHz
- 2) KJJZ-KMXT (High-side mix) 102.1 MHz.

It is this second IM product mix which has produced the problem to the reception of our FM translator signal from K272BW on 102.3 MHz. Because of the close proximity of the IM product at 102.1 MHz and our signal on 102.3 MHz, many listeners call the primary station, KPEN-FM, to complain about interference to their reception. PCI has received dozens of such calls due to this situation. Therefore, the requested frequency change of 400 KHz farther up the FM band is expected to alleviate the problem on most all receivers. There are no other changes proposed in the transmitting antennas or existing licensed facilities. However, PCI does propose a change in the input channel for this facility. Please refer to Exhibit A-2 included in this application, for a description of this change as proposed.

April 8, 1991

EXHIBIT A-2

PENINSULA COMMUNICATIONS, INC. (PCI), the applicant proposes to change the input channel of this FM translator station to operate directly via an intermediate FM translator station, K257DB, 99.3 MHz, serving Anchor Point and Seldovia, Alaska. The current authorization is via FM Subcarrier on KGTL-FM (now KWVV-FM) Homer, Alaska as a result of a ~~WAIVER~~ REQUEST by PCI which was granted by the Commission. PCI has since determined that a more than adequate signal exists, directly from Diamond Ridge in Homer to Pillar Mountain in Kodiak, to operate this FM translator station directly "off-the-air" via the intermediate FM translator K257DB. Therefore, PCI proposes to drop the SCA feed and change the input to receive 99.3 MHz in the conventional manner.

Title President

WILLFUL FALSE STATEMENTS MADE ON THIS FORM
ARE PUNISHABLE BY FINE AND IMPRISONMENT
U.S. CODE, TITLE 18, SECTION 1001

Question-by-Question Guidelines (FCC Form 348)

1. The name of the applicant should be stated exactly as it appears on the station's existing license. The current street address or post office box used by the applicant for receipt of Commission correspondence should be set forth.
2. The applicant should specifically indicate the nature of the station for which renewal is requested. See FCC Rules 74.1201(a), 74.701(a) and 74.701(f) for the definition of FM translator, TV translator, and Low Power TV broadcast station, respectively.
3. Every Low Power TV station with five or more full-time employees must file an employment report on or before May 31 of each year.
4. Aliens, foreign governments and corporations, and corporations of which any officer or director is an alien or of which less than 80% of the capital stock is owned or voted by U.S. citizens, are prohibited from holding a broadcast station license. Where a corporate licensee is directly or indirectly controlled by another corporation, of which any officer or more than 25% of the directors are aliens or of which less than 75% of that corporation's stock is owned or voted by U.S. citizens, the Commission must consider whether denial or renewal would serve the public interest. Licensees are expected to employ reasonable, good faith methods to ensure the accuracy and completeness of their citizenship representations.
5. This question is limited to adverse actions and judgments adjudicated or entered into within the preceding license term. Reportable activities consist of judgments or decrees, including settlement, consent and like agreements, where the misconduct occurred either in the operation of the station for which renewal is requested or in the conduct of the other broadcast and non-broadcast activities of the renewal applicant and parties to that application, such as all partners and all corporate officers, directors, and stockholders with a 10% or more ownership interest in the applicant.
6. Section 325(a) of the Communications Act of 1934, as amended, prohibits any broadcast station from rebroadcasting the program (or any part thereof) of another broadcasting station without the express authority of the originating station.

FCC NOTICE TO INDIVIDUALS REQUIRED BY THE PRIVACY ACT AND THE PAPERWORK REDUCTION ACT
The solicitation of personal information requested in this application is authorized by the Communications Act of 1934, as amended. The principal purpose for which the information will be used is to determine if the benefit requested is consistent with the public interest. The staff, consisting variously of attorneys, accountants, engineers, and application examiners, will use the information to determine whether the application should be granted, denied, dismissed, or designated for hearing. If all the information requested is not provided, the application may be returned without action having been taken upon it or its processing may be delayed while a request is made to provide the missing information. Accordingly, every effort should be made to provide all necessary information. Your response is required to obtain authority.

THE FOREGOING NOTICE IS REQUIRED BY THE PRIVACY ACT OF 1974, P.L. 93-579, DECEMBER 31, 1974, 5 U.S.C. 552a(e)(3), AND THE PAPERWORK REDUCTION ACT OF 1980, P.L. 96-511, DECEMBER 11, 1980, 44 U.S.C. 3507.

17. Conditions. NONE REQUIRED

The Commission reserves the right during said license period of terminating this license or making effective any changes or modification of this license which may be necessary to comply with any decision of the Commission rendered as a result of any hearing held under the rules of the Commission prior to the commencement of this license period or any decision rendered as a result of any such hearing which has been designated but not held, prior to the commencement of this license period.

This license is issued on the licensee's representation that the statements contained in licensee's application are true and that the undertakings therein contained, so far as they are consistent herewith, will be carried out in good faith. The licensee shall, during the terms of this license, render such service as will serve public interest, convenience, or necessity to the full extent of the privileges herein conferred.

This license shall not vest in the licensee any right to operate the station nor any right in the use of the frequencies designated in the license beyond the term hereof, nor in any other manner than authorized herein. Neither the license nor the rights herein granted shall be transferred, assigned, or in any manner either voluntarily or involuntarily disposed of, or indirectly by transfer of control of the licensee, if a corporation, to any person without the written consent of the Commission. This license is subject to the right of use or control by the Government of the United States conferred by Section 606 of the Communications Act of 1934.

Re: K272BW
Kodiak, AK

Dear Mr. Tricarico:

Transmitted herewith, in triplicate, on behalf of Peninsula Communications, Inc. is an FCC Form 347 License application for the above-referenced FM translator station.

Should you have any questions concerning this matter, please contact the undersigned.

Very truly yours,

Stephen C. Simpson

**APPLICATION FOR A LOW POWER TV, TV TRANSLATOR
OR FM TRANSLATOR STATION LICENSE**

INSTRUCTIONS

- A This form is to be used in all cases when applying for a Low Power TV, TV Translator or FM Translator Station License
- B Prepare and file an original and two copies of this form and all exhibits with the Federal Communications Commission, Washington, D C. 20554.
- C. Number exhibits serially in the space provided in the body of the form and list each exhibit in the space provided on page three of this form.
- D. The name of the applicant must be stated exactly as it appears on the construction permit which is being covered.
- E. Information called for by this application which is already on file with the Commission need not be refiled in this application provided (1) the information is now on file in another application or FCC form filed by or on behalf of this applicant; (2) the information is identified fully by reference to the file number (if any), the FCC form number, and the filing date of the application or other form containing the information and the page or paragraph referred to; and (3) after making the reference the applicant states: "No change since date of filing". Any such reference will be considered to incorporate into this application all information, confidential or otherwise, contained in the application or other form referred to. The incorporated application or other form will thereafter, in its entirety, be open to the public.
- F This application shall be personally signed by the applicant, if the applicant is an individual; by one of the partners, if the applicant is a partnership; by an officer, if the applicant is a corporation; by a member who is an officer, if the applicant is an unincorporated association; by such duly elected or appointed officials as may be competent to do so under the laws of the applicable jurisdiction, if the applicant is an eligible government entity; or by the applicant's attorney in case of the applicant's physical disability or of her/his absence from the United States. The attorney shall, in the event she/he signs for the applicant, separately set forth the reason why the application is not signed by the applicant. In addition, if any matter is stated on the basis of the attorney's belief only (rather than her/his knowledge), she/he shall separately set forth her/his reasons for believing that such statements are true.
- G **BE SURE ALL NECESSARY INFORMATION IS FURNISHED AND ALL PARAGRAPHS ARE FULLY ANSWERED. IF ANY PORTIONS OF THE APPLICATION ARE NOT APPLICABLE, SPECIFICALLY SO STATE. DEFECTIVE OR INCOMPLETE APPLICATIONS MAY BE RETURNED WITHOUT CONSIDERATION.**
- H **NO PUBLIC NOTICE IS REQUIRED FOR A LICENSE APPLICATION.**

3 Construction permit covered by this application

File number

BMPFT-860318TZ

Date of Construction Permit

7-24-86

Construction begun

10/1/86

Construction completed

1/14/87

Is the station now in satisfactory operating condition and ready for regular operation? If not, explain ☒ Yes ☐ No

Apart from the apparatus constructed, have all the terms, conditions, and obligations set forth in the above-described construction permit been fully met? If "No", state exceptions ☒ Yes ☐ No

4 Station Identification

Indicate how station identification will be made:

- ☐ FSK ☐ Amplitude Modulation of FM Aural Carrier
☒ by Primary Station ☐ Not Required

If by primary station, is current information on file with the primary station as to your call letters, exact location of your station, and the name, address, and telephone number of the person to be contacted in an emergency to suspend operation of the translator?

☒ Yes ☐ No

ENGINEERING DATA

5 Facilities authorized in construction permit.

a. Output Channel No. 272A Frequency: 102.3 MHz Offset (check one box) <input type="checkbox"/> + <input type="checkbox"/> 0 <input type="checkbox"/> - <input type="checkbox"/> None	Transmitter output power 100 Watts	Proposed Principal Community or Communities to be served City KODIAK State ALASKA	Primary Station Call KPEN-FM Channel No 269A City SOLDOTNA State ALASKA Frequency 101.7 MHz
b. Input Channel No. Via KGTL-FM SCA Frequency 103.5 MHz			

6. Transmitter location

City KODIAK	County KODIAK ISLAND BOROUGH	State ALASKA
Address or other description of location End of State Road, Pillar Mountain Kodiak, Alaska		Geographical coordinates of transmitting antenna to nearest second North Latitude 57° 47' 23" West Longitude 152° 25' 14"

7. Does the apparatus constructed, the transmitter location, or mode of operation differ from that described in the application for construction permit or in the permit issued by the Commission? ☐ Yes ☒ No

(Low power TV or TV translators are not permitted to change the technical parameters set forth in construction permit)

If "Yes", describe in detail, by attaching Exhibit No. , the nature of changes, particularly with regard to type of transmitter, transmitting antenna, antenna orientation, transmission line, or increase in overall height above ground of either the transmitting or receiving antenna structure. Show recomputation of effective radiated power resulting from any such changes

8. If antenna obstruction painting and lighting specifications were made a part of the construction permit, have same been installed as prescribed and in proper working order? ☐ Yes ☐ No

If "No", explain in Exhibit No. , attached ☒ Not Required

9. Give name, address, ZIP Code, and telephone number of person(s) to contact if transmitter must be turned off in event of emergency

Geographical coordinates of transmitting antenna to nearest second

North Latitude 57° 47' 23" West Longitude 152° 25' 14"

Attach as Exhibit No _____ a map or maps (preferably topographic, if obtainable, such as Geological Survey quadrangles) for of the area of the proposed transmitter location shown drawn thereon the following data **NO CHANGE SINCE FILING**

a Scale of miles

b Proposed transmitter location accurately plotted

c Principal community to be served by the proposed station, clearly identified and labeled

3 Transmitter	Make NO CHANGE SINCE FILING	Type No	Length NO CHANGE SINCE FILING	Output Power kw
4 Transmission line				Rated efficiency E for length given (decimal fraction)
5 Transmitting antenna	<input checked="" type="checkbox"/> Directional <input type="checkbox"/> Non-Directional			
Manufacturer NO CHANGE SINCE FILING		Model ¹		Description ¹
Orientation ²	Height above ground ³	Elevation of Site ⁴	Power gain G (multiplier) in lobe of maximum radiation relative to a half-wave dipole ⁵	

Effective radiated power (ERP)

(ERP = P X E X G) _____ kw

Height of antenna radiation center above mean sea level _____ ft

NO CHANGE SINCE FILING

¹Give basic type using general descriptive terms such as half-wave dipole, "bow-tie" with screen, corner reflector, 10 element Yagi, 4 element in-phase array, two stacked element Yagis, etc

²Give the direction of the main radiation lobe in degrees with respect to true north in a 360 degree horizontal azimuth, numbered clockwise, with true north as zero

³Show height to topmost portion of structure including highest top mounted antenna and beacon if any

⁴Show the ground elevation above mean sea level at the base of the transmitting antenna supporting structure

⁵Give the actual power gain toward the radio horizon

- 6 Attach as Exhibit No. _____ a vertical plan sketch for the proposed total structure(s) including supporting structure(s), giving height of center of radiation above ground, overall height of structure above ground, including lighting beacon (if any) and height above mean sea level in feet for all significant features for BOTH RECEIVING AND TRANSMITTING ANTENNAS Also indicate any horizontal separation between receiving and transmitting antennas

NO CHANGE SINCE FILING

- 7 Will the proposed antenna supporting structure be shared with another station or stations of any class?

If Yes, list the call signs and class of such stations

☐ YES ☐ NO

NO CHANGE SINCE FILING

- 8 Attach as Exhibit No. _____ a polar diagram of the radiation pattern (relative field) of the transmitting antenna showing clearly the correct relationship between the major lobe or lobes and the minor lobes of radiation and a tabulation of the pattern at every ten degrees and all maxima and minima Applicants proposing use of multiple transmitting antennas shall submit a composite radiation pattern If a non directional transmitting antenna will be employed, i.e. an antenna with an approximately circular radiation pattern, check here ☐ and omit polar diagram

NO CHANGE SINCE FILING

- 9 Has FAA been notified of proposed construction?

☐ YES ☐ NO

If Yes, give date and office where notice was filed

NO CHANGE SINCE FILING

- 10 Unattended operation

- a Is unattended operation proposed?

☐ YES ☐ NO

NO CHANGE SINCE FILING

If Yes, and this application is for authority to construct a new station or to make changes in the facilities of an authorized station which proposes unattended operation for the first time, applicant will comply with the several requirements of Section 74.734 (TV Translators) or Section 74.1234 (FM Translators) of the Rules concerning unattended operation

- b In space below state name, address and telephone number of a person or persons who may be contacted in an emergency to suspend operation of the translator should such action be deemed necessary by the Commission
